

The writing is bright. It stands out because of the strong colour. I like the contrast between the word "ADULT" and the child-like toy being carried by one of the women.

I like the focus on the colour of the teddy bear in the centre of the image where the light is focused

I like how the two girls are in the same section of the image because they are also caught in the light

I like the fact that you can see the shadow of the photographer in the middle left of the picture

I like the use of shades and tones because it shows affection
